

Opta Group LLC.

Policy: Accessibility for Ontarians with Disabilities Act (AODA)

Policy: Opta is committed to diversity, inclusion and accessibility in all aspects of its business.

Purpose: To ensure compliance with the Accessibility for Ontarians with Disabilities Act and ensure that all people are treated in a way that allows them to maintain their dignity and independence.

Scope: Applies to all employees, contractors and visitors.

Responsibilities: All employees are expected to abide by and enforce the AODA Policy.

Statement of Commitment

Opta is committed to ensuring equal access and participation for people with disabilities. We are committed to treating people with disabilities in a way that allows them to maintain their dignity and independence. We believe in integration and we are committed to meeting the needs of people with disabilities in a timely manner. We will do so by removing and preventing barriers to accessibility and meeting our accessibility requirements under the Accessibility for Ontarians with Disabilities Act and Ontario's accessibility laws.

Opta is committed to meeting its current and ongoing obligations under the Ontario Human Rights Code respecting non-discrimination.

Opta understands that obligations under the Accessibility for Ontarians with Disabilities Act, 2005 (AODA) and its accessibility standards do not substitute or limit its obligations under the Ontario Human Rights Code or obligations to people with disabilities under any other law.

Accessible Emergency Information

Opta is committed to providing the customers and clients with publicly available emergency information in an accessible way upon request. We will also provide employees with disabilities with individualized emergency response information when necessary.

Training

We are committed to training all staff and volunteers in accessible customer service, other Ontario's accessibility standards and aspects of the Ontario Human Rights Code that relate to persons with disabilities.

In addition, we will train:

- a) all persons who participate in developing the organization's policies; and
- b) all other persons who provide goods, services or facilities on behalf of the organization

Training of our employees and volunteers on accessibility relates to their specific roles.

Training includes:

- purpose of the Accessibility for Ontarians with Disabilities Act, 2005 and the requirements of the Customer Service Standards
- our policies related to the Customer Service Standards
- how to interact and communicate with people with various types of disabilities
- how to interact with people with disabilities who use an assistive device or require the assistance of a service animal or a support person

We train every person as soon as practicable after being hired and provide training in respect of any changes to the policies.

We maintain records of the training provided including the dates on which the training was provided and the number of individuals to whom it was provided.

Feedback

Opta welcomes feedback on how we provide accessible customer service. Customer feedback will help us identify barriers and respond to concerns. An accessible Customer Service Policy is available for public review and feedback may be provided using the Customer Feedback Form which is available at the reception desk or shipping office.

Information and Communications

We communicate with people with disabilities in ways that take into account their disability. When asked, we will provide information about our organization and its services, including public safety information, in accessible formats or with communication supports:

- a) in a timely manner, taking into account the person's accessibility needs due to disability; and
- b) at a cost that is no more than the regular cost charged to other persons.

We will consult with the person making the request in determining the suitability of an accessible format or communication support. If the organization determines that information or communications are unconvertible, the organization shall provide the requestor with:

- a) an explanation as to why the information or communications are unconvertible; and
- b) a summary of the unconvertible information or communications.

We will also meet internationally-recognized Web Content Accessibility Guidelines (WCAG) 2.0 Level AA website requirements in accordance with Ontario's accessibility laws.

Employment

We notify employees, job applicants and the public that accommodations can be made during recruitment and hiring. We notify job applicants when they are individually selected to participate in an assessment or selection process that accommodations are available upon request. We consult with the applicants and provide or arrange for suitable accommodation.

We notify successful applicants of policies for accommodating employees with disabilities when making offers of employment.

We notify staff that supports are available for those with disabilities as soon as practicable after they begin their employment. We provide updated information to employees whenever there is a change to existing policies on the provision of job accommodation that take into account an employee's accessibility needs due to a disability.

We will consult with employees when arranging for the provision of suitable accommodation in a manner that takes into account the accessibility needs due to disability. We will consult with the person making the request in determining the suitability of an accessible format or communication supports specifically for:

- a) information that is needed in order to perform the employee's job; and
- b) information that is generally available to employees in the workplace

Where needed, we will also provide customized emergency information to help an employee with a disability during an emergency. With the employee's consent, we will provide workplace emergency information to a designated person who is providing assistance to that employee during an emergency.

We will provide the information as soon as practicable after we become aware of the need for accommodation due to the employee's disability.

We will review the individualized workplace emergency response information:

- a) when the employee moves to a different location in the organization;
- b) when the employee's overall accommodations needs or plans are reviewed; and
- c) when the employer reviews its general emergency response policies.

We have a Return to Work program that includes a process for developing individual accommodation plans and return-to-work programs for employees that have been absent due to a disability.

Assistive Devices, Support Persons and Service Animals

People with disabilities may use their personal assistive devices when accessing our goods, services or facilities.

Service animals are allowed on the parts of our premises that are open to the public and third parties.

When we cannot easily identify that an animal is a service animal, our staff may ask for documentation (template, letter or form) from a regulated health professional that confirms the person needs the service animal for reasons relating to their disability. A service animal can be easily identified through visual indicators, such as when it wears a harness or a vest, or when it helps the person perform certain tasks.

A person with a disability who is accompanied by a support person will be allowed to have that person accompany them on our premises.
